Hamilton Port Authority

Annual Report to Parliament

on the Administration of the Access to Information Act

for the Reporting Period April 1, 2015 – March 31, 2016

1. INTRODUCTION

The purpose of the Act is to extend the present laws of Canada to provide a right of access to information in records under the control of a government institution in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific and that decisions on the disclosure of government information should be reviewed independently of government.

This report is prepared and tabled in Parliament in accordance with section 72 of the Act.

The Hamilton Port Authority (HPA) was identified in Part 1 of the Schedule to the Canada Marine Act as the corporation responsible for the governance of the Port of Hamilton. The HPA is the successor corporation to the Hamilton Harbour Commissioners, coming into effect on May 1, 2001.

The Port Authority is responsible for providing the marine infrastructure necessary for achieving local, regional and national social and economic objectives; ensuring that marine transportation services satisfy the needs of users and are available at a reasonable cost; providing a high level of safety and environmental protection; is responsive to local needs and priorities and coordinates with other modes of transportation; and manages the marine infrastructure and services in a commercial manner that encourages input from users and the harbour community.

2. PROCEDURES FOR COMPLIANCE

Procedures are in place for directing all formal access requests to the Access to Information Coordinator who ensures that they are processed in accordance with the provisions of the Act.
